Embroidered beauties

Already much admired during its launch at BabyTime 2005 in Toronto, this is yet another *cxdbaby* innovation that is turning heads! The Embroidered Panel sling is a solid-coloured sling in either 100% cotton (from our Basic sling colours) or 100% silk dupioni (from our Fashion Maven Silk Dupioni collection), with an added touch: a panel that allows you to express your personality via an embroidered design.

There's so much room for your own personal touch, with your choice of sling colour, embroidered thread colour, and embroidered design. Choose from our growing design gallery, or enquire about a custom-embroidered piece.

Note: Retailers may choose to pre-order sling/embroidery combinations, or special-order for their customers.

About these embroidered designs: Exclusively designed by *cxdbaby*, available in choice of thread colour (see next page)

Available for: Ring Slings Pouch Slings Mei Tais

Available on: "The Basic" cotton solids
 "The Fashion Maven" silk dupionis
 "The Organic" solid-coloured chambrays
